US News & World Report, Jessica Walrack, February 12, 2024

Social Security benefits increased by 3.2% in 2024. Here’s what it means for benefit maximums.

The estimated average Social Security benefit for retired workers in 2024 is \$1,907 per month. The maximum benefit amount, however, is more than double that.

Here’s a look at the most you can receive from Social Security in 2024 and how the benefit calculation process works.

What is the Maximum possible social security benefit in 2024?

The maximum Social Security benefit you can receive in 2024 ranges from \$2,710 to \$4,873 per month, depending on the age you retire.

<u>Retirement Age</u>	<u>Maximum SSA Benefit in 2024</u>
